

REMARKS

Entry of the amendments is respectfully requested. The substance of this document is analogous to that which Applicant submitted on July 05, 2005. However, by submitting this document, Applicant adopts and incorporates herein all of the Examiner's suggestions and requirements set forth in the Office Action dated January 16, 2007. Claims 1-20 therefore are pending and are presented for review. Favorable reconsideration and allowance of this application are respectfully requested in light of the foregoing amendments and the remarks that follow.

1. Claim Objections

Claims 1-20 stand objected to for claim status and marking informalities. Applicant herein adopts all of the Examiner's suggestions including claim status identifiers, underlining, bracketing, etc, whereby the objections are obviated. Accordingly, claims 1-20 are presented and identified with respect to the single claim of the issued patent. Since the Examiner indicates that claims 1-20 are allowable in substance and merely objects to various informalities, Applicant respectfully requests withdrawal of all such objections.

2. Assignee Ownership and Consent

Applicant herewith submits a Reissue Statement of Non-Assignment, by way of an executed USPTO form PTO/SB/53, obviating the rejection.

3. Oath/Declaration

Applicant herewith submits a "catch-up" supplemental oath/declaration, obviating the rejection.

Accordingly, Applicant submits that all of the Examiner's suggestions are herein adopted and fully complied with. Accordingly, Applicant respectfully asserts that the application is in

proper form. Withdrawal of the all objections and/or rejections and allowance is respectfully requested.

Should there be any remaining questions or issues in the present application, Applicant kindly invites the Examiner to contact the undersigned at the telephone number appearing at the end of this document.

No fees are believed to be payable with the submission of this response. However, the Director is authorized to charge any fees associated with this or any other communication, or credit any overpayment, to Deposit Account No. 50-1170.
